AMERICANS AGAIN IN FAVOR.

AMERICANS AGAIN IN FAVOR.

Horses, Trainers and Jockeys Capture English Purses at Close.

London, Nov. 2.—The American borses, trainers and jockeys wound up the racing season at Newmarket in such a glorious style as to cause a general reversal of opinion on the part of racegoers. To-day no word is too good for the Americans. Such a high authority as the Felid says.

"I. Reiff has been out of luck for some weeks, and so Rolle is the British public regarding jockeys that it had aircady been whispered that young Reiff had quite lost his riding and that he was nothing life so good as some of the apprentices.

"This is quite a delusion. Reiff appears to be stronger in the saddle than any of the lads of his own weight. When it comes to a close finish he can still hold his own with the older and heavier jockeys. In style, we never saw him equaled by one of his own weight. His effort on Volodyovski at Sandown Park was superh, and this week he was the hero of the hour."

Reiff has not only astonished the English turf, but has proved a bonanza to the hookles, who, on the Cambridgeshire alone, you enormously. Watershed, the winner of that race, ridden by Reiff, carried smaller money than any outsider in the race. It is true that the price was reduced from 65 to 1 against to 25 to 1 against, within forty-eight hours of the race. But few persons knew until shortly before the race that Watershed was to be substituted for Spectrum, who was put in a comparatively unimportant subscription stake against J. R. Keene's Chacornac. But this race was also of great interest to outsiders. The Sporting Times tells the story thus:

"Whitney and Keene are by no means the best friends, having quarreled over a race in America. Whitney's is there to oppose. The subscription stakes is a sweep-stakes of 160 guineas each, for which you take a nomination and name a horse at the last moment. In the present case, when whitney's agent saw Keene was taking a nomination this message was sent to Keene's agent: "If you will nominate Cap and Bells we wi

Spectrum and Chacornac."

The same paper intimates that Mr. Whitney and Huggins may return to the English turf, saying:

"It is by no means impossible that in the course of a few weeks Huggins will return in charge of more of Mr. Whitney's horses, Mr. Whitney keets Six Heath House and his lease of Lady Moux and Major Loders's horses will be allowed to run its course, "Watershed was bought by Captain Bertie, who married Mrs. Arthur Tree, but it is said the Captain was acting for Lord Howard DeWalden."

William K. Vanderbilt has come over from Paris, accampanied by his Jockey. Buchanan. A fellew traveler from Paris, describing the millionaire's party, said Buchanan wore a diamond that made even Mr. Vanderbilt's blink. Mr. Vanderbilt is much interested in August Belmont's endeavors to establish reciprocal relations between the English, French and New York Jockey clube.

Little American Jocky Is Engaged at a Hig Salary.

New York, Nev. 2.—According to the Newmarket, England, correspondent of the World, Danny Maher, the little American jockey, is now the premier rider of the world. He has been engaged to ride the horses in charge of Trainers T. Blackwell and Richard Marsh at the combined salary of \$5.60 for the next senson, the highest amount ever pald any jockey in the world for a year's work in the saddle, Marsh trains for King Edward VII. The engagement of Maher as his jockey is regarded as a tactful way of expressing the King's opinion that he is not prejudiced against American riders. Maher spoke of his engagement to ride King Edward's horses as follows:

"My first engagement past season."

"My first engagement next scuson is for the Blackwell stables, and Richard Marsh is to have second call on my services. Mr. Marsh trains for King Edward, and my re-tainer, of course, includes riding the King's

tainer, of course, includes riding the King's horses.

"This has been the most successful season I have ever had. I have ridden eighty-sive winners. I rode three yesterday. I think the English tracks are better than the American courses. The former are much easier to ride on. I have been treated very well. I will go to my home in Harf-ford, Coun., in December, but will return here in March. It is possible the King's horses may be again leased next year to the Duke of Devenshire, in which event I shall not ride in the King's colors."

TRAINER O'BRIEN RESPONSIBLE. Says He Moved the Three-Eighths

will report findings at another meeting Monday noon.

Trainer Dan O'Brien, the last witness examined, told the committee that he was responsible for the moving of the three-eighths pole at the Kentucky Association track, by which the distance to the wire for one day was reduced 44 feet and 2 inches. O'Brien was seen after the committee adjourned, and admitted that he had assumed the responsibility, but declined to discuss the case. The Messus, Chinn testified that on the day following the coit's trial they learned that the distance was short, and that the elder Chinn had whed Mr. Mackay, so informing him. Answering telegrams were shown to the committee. Doctor Bryan, a veterinary, was the only other witness examined. What the recommendations of the committee will be to the breeders will not be known until the meeting Monday.

Rumor has it that considerable political influence was brought to hear to bring about this state of affairs. When first approached, the poolroom men signi-fied their intention of keeping open, and it was only this morning that they decided to close.

Jake Weber, Ensy.

The opening event, which called for a journey of six furlongs, brought out a fair field of sprinters. Springwells and Jake Weber divided the play on the race. They were easily the best of their field, and had the race between them all the way, Jake Weber making a runaway affair of it and Weher making a runaway affair of it and winning at the end by a length from Springwells. P. Civili followed up his good luck by capturing the second race with Scale. She had all the speed, and at no time in the race was she in trouble. Adtime in the race was she in trouble. Advocator and Salve fought it out in the tt.ird race. The finish was a strong one, the pair being separated by the shortest of heads at the end. Advocator won, but to a majority it appeared as if Salve was the better horse. It was simply a case of O'Neill outriding L. Daly.

The weather was fine and the track fast. The attendance was not as large as on former inaugural days, owing to the increase in the price of admission. There were fifteen books in, including the field and a combination book. Betting was good.

The feature of the programme was the opening handleap, in which a field of eleven went to the post. Favonius and Bangor of the Burns & Waterhouse stable were favorites, but failed to get any of the money. Hagerdon, a well-piayed second choice, led all the way and won by two longths from Obia, with Rosermonde third. Rio Shannon fell, but Fauntleroy escaped injury. The inaugural dash went to Doublet, ridden by Hoar. Homestead and Magi engaged in a stirring finish in the third race, the former winning by a neck. Starter Holtman did good work at the gate. No recall flag was used. Judge Murphy presided, and J. H. Pettygill acted as associate judge and presiding steward.

Imperials Wrest First-Place Honors

Imperials Wrest First-Place Honors
From the Florists.

Interest in the St. Louis Tempin League race is growing greater each week as the season progresses. By defeating the Florists three in a row Monday evening, the Imperials wrested first-place honors from their bitterest foe. The Enterprise and Florists are now running together for second position, but two games shy of the leaders.

The Exchange team put up the star exhibition of the week in the match with the Libertys at St. Louis Bowling Association Friday night, which materially changed the relative positions of both teams. The Exchange team otaled 2501 pins for the evening, a team average of 85, and an average per man per game of 179-15. The World's Fair aggregation have not changed position since last week, although they have improved their general average a few pins. The Post Office team parted company with its friend, the Tigers, and now lead the second division.

The Bankers have not made a move on account of a postponed game. The Diels show in eighth place, and with Marre as an addition to the team they should travel at a more rapid gait than heretofore. The Westerns have taken a mighty drop from fourth to nirth place. This is accounted for by the fact that the team did not bowl last week. The Libertys and Olympias have ambraced each other in the eleventh place with a feeling of horror for the next lower position. Not so with the Tammany bunch, however, who have passed the horror-stricken stage, and are perfectly content in their present position of leadership at the other end, deriving consolation from the fact that although a much-abused aggregation, and somewhat disfigured, they are still in the fray.

Schedule for the week:
Monday-Bankers vs. Post Office, at Courthouse alleys.
